

## About

Good Dog! is a film festival screening engaging films that include a dog. The annual festival is held on Sydney Harbour, Australia.

All profits are donated to Australian and International dog charities.

Since 2012, the festival and its sister event The Easter Dog Parade [www.dogparade.com.au](http://www.dogparade.com.au) have raised \$13,000+ for dog charities.

The festival director is Anny Slater who is a lawyer, filmmaker, writer and philanthropist. [www.slatterslawyers.com](http://www.slatterslawyers.com) Anny's experience can be seen [here](#).

U.S. MovieMaker magazine named Good Dog! in its list of "Top 10" Coolest Film Festivals in the World 'Out of the Box' category. The magazine said "If it isn't cool enough that each movie GDIFF screens features a dog, all of the profits are donated to Australian and International dog charities".

In 2017, the festival will be screened Australia wide and tour internationally.
